

A wish for wellness...

Founded in 1995, Hi-Tech has been recognised by I.S.O. : 9001:2008, 14001:2004, 18001:2007 standards that improve the quality of water by completely eliminating the harmful particulates and filth from the water and thus making it a preferred choice for procuring RO based water purifiers and water treatment plants. Hitech is a thriving establishment that has it specializes in manufacturing genus of elements used for water purification such as Water Purifiers, Reverse Osmosis (RO) systems, Alkaline Water Systems and spare parts like Pumps, Water Filter Cartridges, QC Fittings, RO Membranes, Meters and all the water filter related spare parts and accessories. RO systems packaged for applications like the ground, bore well, well, river and tap water in standard range for compact water productions. using premium grade raw material, sourced from trusted suppliers of the market. The products that we built are not only exquisitely alluring but also more safe, copper-bottomed and user-friendly.

Residential

Hitech's residential elements for drinking water application have the capability to perform consistently at low pressure tap water for POU (Point of Use) RO systems .

Uses the most advanced membrane film technology and manufacturing processes

Provides high rejection stability even with high TDS in our ISO 9001:2008 Certified Facilities,

Less fouling, Less frequency cleaning and More consistent

Performance and Quality Tested

Backed by our Experienced Technical Support Staff

High Quality for Consistent and Reliable Performance

Standard dimensions to fit in commonly available housings

Lower consumption of chemical and longer life

150 GPD Dry Membrane

since 1995

Over the years of hands-on experience has helped us to achieve a benchmark in providing quality rich, innovative and cost-effective purified water solutions. Being the member of the Water Quality Association of USA since 1995, we strive to the best range of RO system with matchless quality and effective services.

Features

- Excellent Flow
- 100 % Automated Plant
- Best Performance Upto 2000 Tds
- High Salt Rejection
- Tested & Quality Approved

APPLICATIONS

- Restaurants
- Aquariums
- Office
- Institutions
- Hotels
- Hospitals
- Spot Free Rinse/Car Wash
- Labs
- Pharmaceutical

various type of membrane

We supply various type of membrane: 50 gpd, 75 gpd, 80 gpd, 100 gpd, 300 gpd, 400 gpd, 4" and 8" industrial membrane
